Natural/Black/Orange - fly 015	White/White/Orange - fly 034
Natural/Brown/Grizzly - fly 016	White/White/White - fly 035
Natural/Brown/Orange - fly 017	Carter's Bug - fly 036
Natural/Grey Sq./Orange - fly 018	Green Ass Bug - fly 037
Natural/Natural/Brown - fly 019	

Hook sizing refers to the gape of the hook

Hooks can be shorter in shank length or longer in shank length but with the same gape.

Most flies are tied on a hook size with standard shank length. However, some anglers like Bugs tied on a hook 3X shank length. Thus, a Bug tied on a Size 6 hook 3X would have the size 6 gape but a shank length equivalent to a standard hook 3 (6 - 3 = 3).

When ordering Bugs specify hook size, shank length (either standard or 3X), or black salmon hook.

The images are of flies tied on hooks of standard shank length.
