Price Adjustment Notice	

Due to the decreasing value of the Canadian dollar in relation to the U.S. dollar, we may soon be implementing an exchange surcharge on certain items. Many of the products we buy are not made in Canada or purchased in U.S. dollars internationally. The continuing decline of the Canadian dollar affects the cost of the products we receive. This charge will be shown on the bottom of the invoice and will be subject to change based on the value of the Canadian dollar and import charges.
